

## Pattern: Under the Big Top Hat

A while back I created a baby hat pattern that has gone through a couple of submission cycles, and other ways to market it. It's been a journey, but now I'm making it available through Bluebird Yarn and Fiber and on Ravelry as a download. Thanks to Leslie and Judy, who were test-knitters for this pattern long ago. I still think it's pretty cute!

## Revknits

Faith and life seen through the stitches we make.
