

FOs: Diagonal Lace Socks, a Basic Pair of Mittens

Because I didn't want to face some inevitable and partially completed sock surgery after managing to fall *yet again* while teaching my water aerobics class (grrr!), I took a little time out to weave in ends - it's so satisfying to take about a 1/2 hour to get a couple of small things completely done.

The socks:

A bit of stranding and striping jazzes up the [Basic Mitten pattern](#) (rav link) by Ann Budd.

The mittens are for Afghans for Afghans - and the current campaign goes 'til Valentine's Day, February 14th. Hoping to at least get another pair of mittens and socks done in time.
