

Me and Jeff Bridges

Jeff Bridges is my virtual ~~stalker~~ boyfriend. I've run into Jeff Bridges in the following parts of our media world in the last 48 hours:

1. WNYC's Studio 360 podcast
2. NPR Fresh Air Podcast
3. Stephen Colbert's "The Colbert Report" on Comedy Central
4. Now even the local NPR station, KQED, is tweeting about a giveaway for tickets to the concert at the local auditorium here in Marin.

My conclusion: Jeff Bridges is my secret stalker - he may have been married forever unlike most Hollywood types, but clearly he is after ~~my entertainment dollars~~ me. And don't say otherwise!

Here at Poxfading Central, the effects of the chicken pox linger. My doctor says I continue to need to rest, which is gonna be harder this weekend because I have actual work scheduled. I will do what I can to rest afterwards. Very frustrating.
